

Cranbrook and District  
4-H Council

CANADA  
4-H British Columbia

Thank you for your interest in a premium 4-H project: beef, lamb and or swine. As our year winds down, we are looking forward to another successful sale of our projects. This year we are selling our projects at our live auction on Sunday June 5<sup>th</sup>, 2022 at 4:00pm. This year we have 23 steers, 7 lamb and 7 swine projects that will be auctioned on Sunday June 5<sup>th</sup>, 2022. Everyone welcome!!

Whole, ½ and ¼ of beef are available for bid and whole and ½'s are available for swine. This makes it a manageable amount of meat for all sizes or families and businesses. For ½ and ¼'s we will need to find another purchaser to match you up with.

Beef projects started in November, swine and lamb started in February. All of the animals have been raised by the 4-H members. Each member is responsible for feeding, grooming and training their animals, and continuing to do project work even in these challenging times.

By purchasing one of these animals you are supporting the youth of our area. If you would like further information on purchasing an animal for your freezer, please call:
